

Risk and Standard Reports

Objectives:

At the end of this episode, I will be able to:

1. Explain the options for reporting in the Firepower system
2. Describe where reporting is configured in the FMC
3. Describe the types of reports that are included in the Firepower system

Additional resources used during the episode can be obtained using the download link on the overview episode.

Remember the following points:

- Be sure to visit and examine the default reports included with Firepower
- Practice creating your own reports!

External Resources:

During this episode, you can reference the following external resources for supplementary tools and information:
