

Policies, Governance, and SLOs

At the end of this episode, I will be able to:

1. Explain the meaning of policies, governance, and SLOs

Learner Objective: *Policies, governance, and SLOs*

Description: In this episode, you will learn about the importance and meaning of policies, governance, and service-level objectives (SLOs). You will be provided with valuable examples of each.

-
- Policies, Governance, and SLOs
 - Policies - organizational rules of conduct
 - Governance - refers to both corporate governance and external governance (such as a government controlling an organization)
 - SLOs - service-level objectives; these typically help build the SLA (service-level agreement)
